

Dear Hiring Manager,

I am thrilled to apply for the Senior Backend Engineer (PHP) position at AMBOSS, where I can utilize my technical expertise to drive innovation and growth. As a seasoned PHP developer with a strong passion for backend engineering, I am confident that my skills and experience align perfectly with the job requirements.

With over 5 years of experience in developing scalable and efficient backend systems, I possess a deep understanding of PHP and its ecosystem. My expertise in designing and implementing robust APIs, databases, and caching mechanisms has allowed me to deliver high-performance solutions that meet the most demanding requirements. I am excited about the prospect of joining AMBOSS and contributing my skills to the Engineering & Product team.

I am particularly drawn to AMBOSS's mission and commitment to making a positive impact in the medical education sector. As someone who values innovation and collaboration, I appreciate the company's emphasis on hybrid work environments and the opportunity to work with a talented team of professionals. My strong work ethic, attention to detail, and excellent communication skills make me a strong fit for this role.

I would welcome the opportunity to discuss my application and how my skills and experience can contribute to the success of AMBOSS. Thank you for considering my application. I look forward to the opportunity to meet and discuss how I can make a meaningful impact at AMBOSS.

Best regards,

Asim Bilal
