

Dear Hiring Manager,

I am excited to apply for the Senior Product Engineer (Full-stack) position at deepset GmbH, as advertised on your website. With a strong passion for building innovative products and a keen interest in artificial intelligence, I am confident that my skills and experience make me an ideal fit for this role.

As a seasoned full-stack engineer with a proven track record of delivering high-quality products, I possess a deep understanding of software development principles, patterns, and practices. My expertise spans a range of technologies, including front-end and back-end development, database management, and cloud computing. I am well-versed in Agile methodologies and have a strong commitment to writing clean, maintainable, and efficient code.

I am particularly drawn to deepset's mission to empower businesses with AI-powered solutions. My own experience with open-source projects has taught me the importance of collaboration, community engagement, and continuous learning. I am impressed by deepset's commitment to open-source and its contributions to the Haystack community. I am excited about the prospect of joining a team that shares my values and is dedicated to making a positive impact.

I have attached my CV, which provides more details about my experience and skills. I would welcome the opportunity to discuss my application and how I can contribute to deepset's success. Thank you for considering my application. I look forward to the opportunity to meet with you.

Best regards,

Asim Bilal
